

**PROJECT:** Hilton The Hague, Netherlands

**CLIENT:** Hilton International

**DESIGNER:** J2 Design

**LAMPING:** 1 x 8W T2 lamp

**METAL FINISH:** Brushed Nickel

**DIAMETER:** 610 mm

**HEIGHT:** 425 mm

SM/22/DL/BN is a striking SLIM desk lamp specially created for use with laptops.

Manufactured to the specifications of the interior designers, the lighting scheme met J2's design intent within Hilton design standards, and also fell easily within the budget constraints.

Created especially for this project, but now part of the Chelsom Edition 22 lighting collection, the desk lamp features a rotating head for optimum light direction. There is also a matching table lamp, floor lamp, picture light, flexi-arm reading light and wall brackets.
