A stunning family of bespoke pendant shades has been manufactured by Chelsom for the five star Sheraton hotel, Prague. The shades feature contrasting colour combinations of pongee silk in bold cylinders that perfectly complement the geometric theme of the hotel.

Manufactured in various sizes, the shades are suspended throughout the restaurant, reception and public areas of the hotel, creating striking visual impact as well as effective ambient lighting. Featuring high performance, energy efficient lamps, the luminaires offer maximum light output with the benefit of extremely low running costs and minimal maintenance.
